Chembio's CEO Letter to Stockholders

Reminder to Tender Shares Before 6:00 P.M., New York City Time, on April 12, 2023

MEDFORD, N.Y., April 3, 2023 (GLOBE NEWSWIRE) -- Chembio Diagnostics, Inc. (Nasdaq: CEMI), a leading point-of-care diagnostics company focused on infectious diseases, today released the following letter to stockholders concerning the pending tender offer by Biosynex SA.

April 3, 2023

Fellow Chembio Stockholders,

As previously communicated, Chembio Diagnostics, Inc. ("Chembio" or the "Company") entered into an Agreement and Plan of Merger (the "Merger Agreement"), dated as of January 31, 2023, with Biosynex SA ("Biosynex"), and Project Merci Merger Sub, Inc., a Nevada corporation and wholly-owned indirect subsidiary of Biosynex (the "Purchaser"). Pursuant to the Merger Agreement, the Purchaser commenced a tender offer (the "Offer") to purchase all of the issued and outstanding shares of the Company's common stock, par value \$0.01 per share (the "Shares"), for a purchase price of \$0.45 per share, net to the seller in cash, without interest and subject to any required tax withholding. Biosynex previously announced, on March 15, 2023, an extension of the Offer until 6:00 p.m, New York City time, on March 28, 2023. **On March 29, 2023, Biosynex announced a second extension of the Offer until 6:00 p.m., New York City time, on April 12, 2023.**

What Happens If Stockholders Don't Tender Their Shares:

There are substantial risks if the Offer and merger between Biosynex and Chembio are not completed. As discussed in further detail in the Schedule 14D-9, as amended, the Company's letter to stockholders dated March 15, 2023 and the Company's Annual Report on Form 10-K that was filed with the U.S. Securities and Exchange Commission ("SEC") on March 29, 2023, these risks include: breaching a financial covenant in its Credit Agreement related to debt maturing in September 2023 that could force the Company to pursue a transaction or financing arrangement that is highly dilutive to existing stockholders or a bankruptcy or restructuring proceeding; being delisted by Nasdaq as soon as the current month; and the Company's ability to continue as a going concern due to its net losses from operations and ongoing liquidity concerns.

If less than a majority of the outstanding shares of Chembio common stock are tendered, the Offer will not be completed and Chembio will not merge with Biosynex. For the Offer to be completed, more than 50% of the outstanding Shares must be validly tendered.

How to Tender Your Shares:

If you hold shares of Chembio common stock through a broker, dealer, commercial bank, trust company or other nominee, instruct such broker or other nominee to tender your shares. **Please do so promptly to allow sufficient time to meet any broker processing deadlines before the Offer expiration at 6:00 p.m., New York City time, on April 12, 2023. Do not wait until the Offer expires to tender your shares.**

Please act as soon as possible to ensure you can tender your shares on time. Chembio stockholders who have previously tendered their shares do not need to re-tender their shares or take any other action as a result of the extension of the Offer.

On behalf of myself, the executive team and the Board of Directors, we strongly support the merger with Biosynex. We ask our stockholders to show their support for the merger between Chembio and Biosynex by tendering their shares by April 12, 2023 as outlined above. Thank you for your continued support of Chembio.

Sincerely,

Richard L. Eberly
President and Chief Executive Officer
